

HEAVY EQUIPMENT LINE CARD			
EXTERIOR WASH DETERGENTS		LEAK DETECTORS	
TOTAL B	<ul style="list-style-type: none"> Multi-metal safe, high pH, heavy-duty exterior wash detergent. Ideal Step 2 alkaline detergent. 	288	<ul style="list-style-type: none"> Concentrated, vivid tracing dye for detecting fuel leaks on diesel engines.
RELEASE	<ul style="list-style-type: none"> Release is an aluminum safe, low pH detergent designed for exterior washing, cleaning, and descaling. Ideal Step 1 low pH acid presoak. 	299	<ul style="list-style-type: none"> Concentrated, vivid tracing dye for detecting water leaks on water cooled engines.
EVOLUTION	<ul style="list-style-type: none"> Highly alkaline, ultra high pH, heavy-duty degreaser formulated without phosphates, flourides, glycol ethers, HAP's, or VOC's. 	RUST INHIBITORS	
TOTAL	<ul style="list-style-type: none"> Multi-metal safe, high pH, medium-duty exterior wash detergent. 	571	<ul style="list-style-type: none"> In-process aqueous parts cleaning rust inhibitor for all metals.
AQUEOUS PARTS WASHING DETERGENTS		573	<ul style="list-style-type: none"> Solvent-based rust inhibitor for treating metals for outdoor storage.
101	<ul style="list-style-type: none"> Highly caustic alkaline powdered detergent for cleaning ferrous metals in hot tank and barrel finishing systems. 	585	<ul style="list-style-type: none"> Petroleum-based liquid rust inhibitor designed to protect metal parts during prolonged indoor storage after manufacturing and machining.
SPRAYDET 14EX	<ul style="list-style-type: none"> Highly concentrated, multi-metal safe, alkaline powdered detergent engineered to produce superior cleaning results for aqueous process parts cleaning. Formulated with advanced in-process rust inhibitors and anti-foam agents. 	COOLING SYSTEM CORROSION INHIBITORS	
SPRAYDET EL	<ul style="list-style-type: none"> Highly concentrated, multi-metal safe, alkaline liquid detergent engineered to produce superior cleaning results for aqueous process parts cleaning. Leaves little to no residue, formulated without HAP's or VOC's, and is aerospace qualified. 	RADIANCE	<ul style="list-style-type: none"> Concentrated, multi-metal safe, corrosion inhibitor with vivid tracer dye for use in cooling systems.
SPRAYDET AQUA FORCE	<ul style="list-style-type: none"> Aluminum safe, pH neutral, liquid detergent engineered to be specifically used in manual types of fountain style aqueous parts washers or "sink on a drum" type units. 	850	<ul style="list-style-type: none"> Multi-metal safe corrosion inhibitor for use in water systems to protect multiple metals from premature failure due to corrosion.
SPRAYDET CW	<ul style="list-style-type: none"> Highly concentrated, multi-metal safe, alkaline liquid detergent engineered to remove synthetic cutting lubricants, oils, carbon deposits, cosmoline protective coatings, tenacious road film, and even printing inks. 	810S	<ul style="list-style-type: none"> Stick-based multi-metal safe corrosion inhibitor for use in diesel engine coolant water to protect diesel engines from premature failure due to corrosion.
		810	<ul style="list-style-type: none"> Powder based multi-metal safe corrosion inhibitor for use in diesel engine coolant water to protect diesel engines from premature failure due to corrosion.
		ICE CONTROL	
		EZ SPREAD ICE MELT	<ul style="list-style-type: none"> A fast, effective, calcium chloride based ice melt packaged in an EZ spread bag.
		LIQUID ICE MELT	<ul style="list-style-type: none"> A fast, effective, concentrated calcium chloride based liquid ice melt.
		COOLANT	
		FULL FORCE	<ul style="list-style-type: none"> Full Strength Anti-Freeze Meets or Exceeds all ASTM and SAE performance standards.

SOLVENT EMULSION DEGREASERS		ODOR CONTROL	
Supersolv MCS Citrus	<ul style="list-style-type: none"> Formulated with d-limonene to penetrate the toughest grease, oil, soils, and sooty soils. 	688S	<ul style="list-style-type: none"> Concentrated liquid odor control agent for use in chemical toilets in airplane, train, RV, bus and portable toilet applications.
Supersolv II	<ul style="list-style-type: none"> Supersolv II is specially formulated to clean and remove cosmoline type protective coatings on stored or shipped equipment, machinery, and vehicles. 	688W	<ul style="list-style-type: none"> Concentrated liquid odor control solution containing antifreeze for use in chemical toilets in airplane, train, RV, bus and portable toilet applications.
SOLVENT PARTS CLEANING		GLASS CLEANERS	
403NC	<ul style="list-style-type: none"> A versatile blended solvent formulated for cleaning electrical equipment. Leaves no residue to interfere with motor windings or electrical connections. 	919	<ul style="list-style-type: none"> Heavy duty, ammonia-based, ready-to-use general purpose glass and surface cleaner formulated for use in cold temperatures or on heavy soils.
140HF	<ul style="list-style-type: none"> Penetrating solvent used in solvent-based parts washers. 147°F Flash Point 	919NA	<ul style="list-style-type: none"> Heavy duty, non-ammonia, ready-to-use general purpose glass and surface cleaner formulated for use in cold temperatures or on heavy soils.
BRAKE CLEAN	<ul style="list-style-type: none"> All-purpose, non-chlorinated parts cleaner and degreaser. Evaporates fast leaving parts residue-free. 	GENERAL PURPOSE CLEANERS	
REMOVERS		BREAK	<ul style="list-style-type: none"> Ready-To-Use All Purpose Spray and Wipe Degreaser with Butyl
ASPHALT REMOVER	<ul style="list-style-type: none"> Removes Asphalt, Grease, Oil, Ink, Sludge, Dirt, and Soot Will Not Affect Most Paints, Decals, Or Electrical Insulations In Normal Use Rinses Freely 	147	<ul style="list-style-type: none"> Concentrated Heavy-Duty Degreaser with Butyl
CONCRETE REMOVER	<ul style="list-style-type: none"> Effective in Removing Concrete Residues From Vehicles, Machinery, Heavy Equipment, and Tools 	WIPE KLEEN	<ul style="list-style-type: none"> Ready-To-Use All Purpose Spray and Wipe Germicidal Cleaner
		TUFF GUARD	<ul style="list-style-type: none"> Concentrated All Purpose Spray and Wipe Germicidal Cleaner
