

RAILROAD LINE CARD			
HIGH pH EXTERIOR WASH DETERGENTS		LEAK DETECTORS	
EVOLUTION	<ul style="list-style-type: none"> Highly alkaline, ultra high pH, heavy-duty detergent especially formulated to cut heavy grease, oil, and grime. 	288	<ul style="list-style-type: none"> Concentrated, vivid tracing dye for detecting fuel leaks on diesel engines.
TOTAL	<ul style="list-style-type: none"> Aluminum safe, high pH, multipurpose exterior detergent safe for all metals at any concentration. 	299	<ul style="list-style-type: none"> Concentrated, vivid tracing dye for detecting water leaks on water cooled engines.
TOTAL B	<ul style="list-style-type: none"> Aluminum safe, high pH, heavy-duty multi-purpose exterior detergent safe for all metals at any concentration. Ideal Step 2 alkaline wash. 	985	<ul style="list-style-type: none"> Concentrated, viscous liquid formulated to detect air leaks.
COOLING SYSTEM CORROSION INHIBITORS			
		RADIANCE	<ul style="list-style-type: none"> Liquid, multi-metal safe, corrosion inhibitor with vivid tracer dye for use in locomotive cooling systems.
		810	<ul style="list-style-type: none"> Powdered, multi-metal safe corrosion inhibitor for use in locomotive water cooling systems.
		850	<ul style="list-style-type: none"> Liquid, multi-metal safe corrosion inhibitor for use in locomotive cooling systems.
		810S	<ul style="list-style-type: none"> Stick-based, multi-metal safe corrosion inhibitor for use in locomotive cooling systems to protect diesel engines from premature failure due to corrosion.
LOW pH EXTERIOR WASH DETERGENTS			
RELEASE	<ul style="list-style-type: none"> Highly acidic, low pH, aluminum safe detergent. Ideal Step 1 low pH presoak. 		
AQUEOUS PARTS WASHING DETERGENTS			
101	<ul style="list-style-type: none"> Highly caustic alkaline powdered detergent for cleaning ferrous metals in hot tank or barrel finishing systems. 		
SPRAYDET 14EX	<ul style="list-style-type: none"> Highly concentrated, multi-metal safe, alkaline powdered detergent formulated with advanced in-process rust inhibitors and anti-foam agents. 	EZ KITS - SUPER CONCENTRATED	
SPRAYDET EL	<ul style="list-style-type: none"> Highly concentrated, multi-metal safe, alkaline liquid detergent formulated to leave little to no residue. 	DIRT BUSTER	<ul style="list-style-type: none"> Super concentrated, aluminum safe, high pH, multipurpose degreaser and detergent engineered to attack grease, grime, soil or any other unwanted contaminants associated with cleaning.
SPRAYDET AQUA FORCE	<ul style="list-style-type: none"> Multi-metal safe, pH neutral, liquid detergent for use in heated manual types of fountain style aqueous parts washers or "sink on a drum" type units. 	DYNAMIC DUO	<ul style="list-style-type: none"> Super concentrated, ultra high pH, heavy-duty detergent and degreaser engineered to attack grease, grime, soil or any other unwanted contaminants associated with high or low pressure cleaning applications.
AQUA SOLV II	<ul style="list-style-type: none"> Multi-metal safe, liquid detergent for use in manual types of fountain style aqueous parts washers or "sink on a drum" type units. Does not need to be heated. 	SUPERSCRUB	<ul style="list-style-type: none"> Super concentrated, economical, multipurpose cleaner with Butyl formulated for general cleaning of all hard surfaces.

ODOR CONTROL / PORTABLE TOILET		ICE MELT	
688S	<ul style="list-style-type: none"> Ready-To-Use liquid odor control agent for use in chemical toilets in summer months on airplane, locomotive, RV, bus and portable toilet applications. 	EZ Spread Ice Melt	<ul style="list-style-type: none"> A fast, effective, calcium chloride based ice melt packaged in an EZ spread bag.
		Liquid Ice Melt	<ul style="list-style-type: none"> A fast, effective, concentrated calcium chloride based liquid ice melt.
688W	<ul style="list-style-type: none"> Ready-To-Use liquid odor control agent containing antifreeze for use in chemical toilets in winter months on airplane, train, RV, bus and portable toilet applications. 	SOLVENT EMULSION DEGREASERS	
		Supersolv MCS Citrus	<ul style="list-style-type: none"> Formulated with d-limonene to penetrate the toughest grease, oil, soils, and sooty soils.
685C	<ul style="list-style-type: none"> Highly concentrated liquid odor control solution for use in chemical toilets on airplane, train, RV, bus, and portable toilet applications. 	Supersolv II	<ul style="list-style-type: none"> Formulated to clean and remove cosmoline type protective coatings on stored or shipped equipment, machinery, and vehicles.
GLASS CLEANERS		PARTS CLEANING SOLVENTS	
918	<ul style="list-style-type: none"> Ready-To-Use Glass Cleaner with Ammonia. Leaves a Clean, Streak-Free Finish. 	403NC	<ul style="list-style-type: none"> A versatile blended solvent formulated for cleaning electrical equipment.
			<ul style="list-style-type: none"> Leaves no residue to interfere with motor windings or electrical connections.
919	<ul style="list-style-type: none"> Ready-To-Use Glass Cleaner with Ammonia. Winter Formula - Will not freeze above -5°F. 	140HF	<ul style="list-style-type: none"> Penetrating solvent used in solvent-based parts washers. 147°F Flash Point
919NA	<ul style="list-style-type: none"> Ready-To-Use Glass Cleaner without Ammonia. Winter Formula - Will not freeze above -5°F. 	BRAKE CLEAN	<ul style="list-style-type: none"> All-purpose, non-chlorinated parts cleaner and degreaser. Evaporates fast leaving parts residue-free.
COOLANT		GENERAL PURPOSE CLEANERS	
FULL FORCE	<ul style="list-style-type: none"> Full Strength Anti-Freeze Meets or Exceeds all ASTM and SAE performance standards. 	BREAK	<ul style="list-style-type: none"> Ready-To-Use All Purpose Spray and Wipe Degreaser with Butyl
RUST INHIBITORS		147	<ul style="list-style-type: none"> Concentrated Heavy-Duty Degreaser with Butyl
585	<ul style="list-style-type: none"> Petroleum based liquid rust inhibitor designed to protect metal parts during prolonged indoor storage after manufacturing or machining. 	WIPE KLEEN	<ul style="list-style-type: none"> Ready-To-Use All Purpose Spray and Wipe Germicidal Cleaner
		TUFF GUARD	<ul style="list-style-type: none"> Concentrated All Purpose Spray and Wipe Germicidal Cleaner
577	<ul style="list-style-type: none"> Liquid inorganic rust inhibitor designed for in-process rust protection during process cleaning operations. 	SPECIALTY PRODUCTS	
571	<ul style="list-style-type: none"> Liquid rust inhibitor designed to be used with an alkaline cleaning detergent for in-process rust protection. 	ASPHALT REMOVER	<ul style="list-style-type: none"> Removes Asphalt, Grease, Oil, Ink, Sludge, Dirt, and Soot Will Not Affect Most Paints, Decals, Or Electrical Insulations In Normal Use Rinses Freely
