Stainless Steel Cleaner and Polish

Product Description

782 is a specially formulated stainless steel cleaner and polish engineered to restore industrial kitchen and food plant appliances, counters, and cabinets back to their original shine. 782 is a mineral oil based formula that provides a protective polish on all stainless steel combating contaminants such as grease, greasy soil, heavily baked on foodstuff, carbonaceous soil, and any other contaminants associated with cooking. 782 provides a professional, sanitary, and ultra-clean sparkle to stainless steel that exceeds all industry cleanliness standards.

Performance Features

- Combats Grease, Soil, Baked on Foodstuff, Smudges, and Soot from Building Up
- Protects Stainless Steel
- Cleans and Restores Stainless Steel Back to its Original Shine

Physical Specifications

Physical State	Liquid
Appearance	Amber
Rinseability	excellent
% VOC/HAP	0%
pH (use dilution)	≈ Neutral

Equipment Requirements

782 is safe for use with all standard cleaning equipment.

Product Make-Up

782 is packaged ready-to-use. Do NOT dilute.

Concentration and Application Methods

Stainless Steel Cleaning and Polishing

Preferably, first clean heavier soil and food from the surface with 744 or 748. Spray 782 lightly over the surface. Wipe and buff to a shine with a clean soft cloth.

Companion Products

744, 748, and Seacole's Janitorial, Restaurant, and Facility Maintenance product line.

Safety and Handling

Read and understand this products SDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations. Contact Seacole for specific details and/or further waste treatment recommendations.

Ordering Information

782 is available in 4 x 1 gallon cases and 5 gallon pails.

Customer Notice: Seacole strongly encourages its customers to review their manufacturing processes and their applications of Seacole products from the standpoint of human health and environmental quality to ensure that Seacole products are not used in ways for which they are not intended or tested. Seacole personnel are available to answer your questions and to provide reasonable technical support. Seacole product literature, including safety data sheets, should be consulted prior to use of Seacole products.
