Bill's Bug Blaster

Exterior Bug Remover for Windows and Other Hard Surfaces

Product Description

Bill's Bug Blaster's enhanced bug cutting formula is often effective without scrubbing – just spray and wipe clean. Bill's Bug Blaster removes bug residue, normal dust and dirt, most greases and oils, and most exhaust staining. It is harmless to enamel surfaces, polyurethane, clear coat paints, and polished aluminum. Bill's Bug Blaster can be used in auto, bus, truck, RV, and marine applications.

Performance Features

- Softens and Dissolves Dead Insect Residue From Hard Surfaces
- Is Specially Designed to Clean Transportation Vehicle Exterior Surfaces, Including Polished Aluminum
- Plexiglas or Acrylic Windshields, Clear Coat, Or Polyurethane Paints
- Has a Safe, Water-Based Formula that Contains No Phosphates or Petroleum Distillates
- Dries Quickly Without Residue

Physical Specifications

Physical State	Liquid
Appearance	Clear
Rinseability	Excellent
Foam	Minimal
pH	8-10

Equipment Requirements

Bill's Bug Blaster is safe for use with all standard cleaning equipment.

Product Make-Up

Bill's Bug Blaster is packaged and ready-to-use.

Concentration and Application Methods

Spray Bill's Bug Blaster on bugs. Let soak for 1 to 4 minutes. If surface dries before wiping, re-apply product. Pressure wash or wipe off. Use plenty of product and a soft cloth to avoid scratching windows. If bugs remain, repeat process including the soak time while keeping the surface wet.

Companion Products

See Seacole's Auto, Truck, Bus, RV, and Marine Product Line.

Safety and Handling

Read and understand this product's SDS before handling.

Waste Treatment

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations. Contact Seacole for specific details and/or further waste treatment recommendations.
